Unleash Potential

"Famiy Portrait": Class of 1998-2023

Message from President

Hello everyone, we hope you are all ready for the warmer weather.

We are proud to update a few things in this quarter: 1) 100% of our Class of 2023 CANership Mentee cohort received multiple offers from public and privates colleges and universities and all have committed to an institution, ready to start their new path as college freshmen in the fall. 2) Our College grad interns also got a helping hand from the CAN International network-- jump starting their careers by connecting them to hiring managers, they officially started their careers in May 2023! 3) Class of 1998-2023 united to celebrate our beloved teacher, CT on March 18th and raised \$5,000 towards scholarships for mentees and stipends for our interns.

The board would like to thank our sponsors for their generous support:
BHRAGS Home Care,
BaoBao Cafe, Smoove
Ice Cream & Kulu
Desserts.

What a night! Celebrating CT's Legacy

On March 18, over 100 John Dewey High School alumni came from all over the United States to join us in New York to celebrate the legendary and beloved teacher, CT Chan. The party was filled with stories of gratitude, shared memories filled with laughters and a few songs, as they recalled their experiences with CT.

This is only the beginning, we plan to host more events in the near future to amplify the work of our community and expand our mission of "Unleashing the Potential".

We greatly appreciate everyone who traveled from California to Rhode Island and everywhere in between. We are grateful for the love, support, and friendship we have shared as a community, and we look forward to creating more memories and celebrating more milestones together in the future.

Success Stories About Our Members

Kailin Wu (Class of 2018 from JDHS) graduated from Baruch College for finance and is the class of 2022.

After graduation, Kailin was unsure of her career path, luckily she had access to the CAN International network. CAN arranged a meeting with Kailin, discussed her career goals, and coached her through interview process. CAN members connected her with a company and we are happy to report she was offered and accepted the position of Fund Accountant with Gen II Fund Services.

Tina Li is a 2018 Dewey alumna and a recent graduate of Binghamton University with a Bachelor of Science in Financial Economics.

She joined CAN International Corp in October 2021, first as an intern then as an intern manager. Because of her outstanding contribution to the CAN International programs, Jinquan Liang connected her to NYCEDC. With a recommendation from CAN's president, Jin and several mock interviews from a few board members, Tina received and accepted the position of Analyst at NYCEDC. She is very grateful for the support from Jin and CAN International. She will continue to work with CAN as the new Volunteer Intern Manager

A big congratulations to Zhuohao Tan, CAN's Tech Manager. He was awarded a research grant of \$20,000 from Elon University! He will focus on improving early diagnosis of pancreatic cancer with synthetic data. The CAN community is extremely proud of Tan, a recognition of his exceptional talent and the importance of his research in technology and the healthcare field.

We are fortunate to have him as a part of our team, and we are confident that he will make great strides in his research.

We can't wait to see what is next for him.
