

Unleash Potential

## Message from President

**Happy Fall everyone.** I have a few exciting updates -- CAN International held a few events over this past summer: our popular CAN Career Advice panel is back and in-person; our first virtual college fair with colleges around the country and one international university to boot. We also just launched our High School Senior CANership Program this month. Read all about these below.

## CAN Career Advice Panel is Back !

CAN's popular Career Advice Panel was back and in-person! More than thirty participants came to learn more about the popular computer science, engineering, and finance majors and learn what these majors can lead to as a career. This year we also expanded our subject matters to include entrepreneurs and urban planning. Our moderator, **Nancy Chao** provided some great jump-start questions to get our audience excited and involved and had non-stop exchanges between the audience and the panelists.

We would like to thank our panelists: **Simon Liao, Fred Yu, Ken Fown, Hon Ng, Sandy Yeung, Andrew Huang, Jiin Wen, and Jennifer Huang**, who shared their journeys and provided valuable advice.

CAN events feed the mind and satisfy the palette. Delicious treats from, **BaoBao Cafe, Smoove Ice Cream, Kulu Desserts, Next Move Café, and ChunYang**. We would also like to thank **My Friends Place NY** for providing the venue.

## Virtual CAN College Fair

On August 13th, 2022, CAN held a virtual college fair to give high school students access to college experiences and exposure to a diverse areas of study. We welcomed current students and recent graduates from thirteen universities across the country plus an international entry—The University of Edinburgh. We are particularly proud to have two of our outstanding interns, **YanTing Li** and **Christie Jean-Francois** join the panel.

We would like to thank our panelists: **Albert Rosario-Pichardo** (Bard College), **Anna Ganguly** (SUNY Stony Brook), **Anwen Burns** (University of Edinburgh), **Christie Jean-Francois** (SUNY-Albany & SUNY-Broome), **Franny Larch** (Cornell University), **Lucia Anne Van Haken** (Wellesley College), **Man Yi Lok** (Berklee College of Music), **Michael Chen** (Rochester Polytechnic Institute), **Simeone Bremer** (Vassar College), **YanTing Li** (SUNY-Binghamton & New paltz), **Zoë Sheares** (Fordham University) for their time and knowledge.
